RINNAI

**NEW  
TANKLESS  
HOME HEAT**

Our experts agree: for efficiency and comfort  
**GO TANKLESS**

Introducing the new tankless home heating system from Rinnai.

It combines our hydronic furnace with our legendary tankless water heater - to deliver a whole new level of efficient, comfortable home heating and practically endless hot water.

The system is compact and simple to install, saving time, money and space. Plus each of the components can be installed virtually anywhere, together or apart - perfect for tight locations.
